whole body solutions that matter

Defining Our Natural Ingredients

Making skin care products is a highly complex process. We choose never to use synthetic and harsh chemicals to formulate our products and opt for non-GMO natural ingredients. These natural ingredients are essential to help bind all the organic botanical extracts and oils together, maintain a neutral pH and prevent contamination from mold and bacteria. We only use non-GMO vegetable- or salt/mineral-derived ingredients to achieve this balance.

*We follow Health Canada and the U.S. FDA's definition of 'natural' to mean that nothing artificial or synthetic (including all color additives regardless of source) has been included in, or has been added to the ingredients below who have originated from a natural source.

NON-GMO

VEGETABLE
DERIVED

MINERAL/SALT
DERIVED

NATURAL INGREDIENTS contained in this product

Ascorbic Acid (vegetable-derived)

A naturally occurring organic compound with antioxidant properties derived from plants such as sugar cane one form ("vitamer") of vitamin C.

Glycerin (organic) Glycerin (non-organic) (vegetable-derived)

Sugar alcohol derived from Palm. There are other glycerin's from animal and synthetic which we do not use.

Potassium Sorbate (mineral-salt)

An FDA-approved food-grade-preservative for defense against bacteria and mold contamination. Potassium sorbate is formed when potassium salt bonds with sorbic acid, creating a fatty acid salt that is polysaturated.

Sodium Hydroxide (mineral-salt)

Sodium hydroxide is alkaline ingredient necessary to the process of making soaps from botanical oils. We use a very minimal amount to promote binding of the oils and neutralizes acids so that our products maintain a neutral pH.

INGREDIENTS/INGRÉDIENTS

Aloe barbadensis Leaf Juice (Fillet Gel)*
Helianthus annuus (Sunflower) Seed Oil*
Elaeis Guineensis (Palm) Fruit Oil*
Beeswax*
Cocos nucifera (Coconut) Oil*
Simmondsia chinensis (Jojoba) Seed Oil*
Sodium Hydroxide (mineral-salt)
Manuka Honey 12+
Theobroma Butyrospermum Parkii (Shea Nut) Butter*
Mangifera Indica (Mango) Butter*
Citrus grandis (Grapefruit) Seed Extract
Potassium Sorbate (mineral-salt)
Helianthus Annuus (Sunflower)/
Carthamus tinctorius L. (Safflower) Seed Oil*
Olea Europaea (Olive) Fruit Oil (virgin, cold pressed)*
Ricinus Communis (Castor) Oil*
Cucurbita Pepo (Pumpkin) Seed Oil (virgin, cold pressed)*
Persea Gratissima (Avocado) Fruit Oil* (virgin, cold pressed)
Citrus aurantium dulcis (Orange) Peel Oil*
Myroxylon pereirae (Balsam Peru) Oil*
Thymus vulgaris (Thyme) Oil*
Rosmarinus officinalis (Rosemary) Leaf Extract*
Mentha Piperita (Peppermint) Oil*
Glycerin (vegetable-derived)
Ascorbic Acid (vegetable-derived)
*CERTIFIED ORGANIC INGREDIENT,
*INGRÉDIENT CERTIFIÉ BIOLOGIQUE.
